The AUX input allows you to play your iPod, iPhone, MP3 players, satellite radio, etc.

The USB input comes with cover which allows excellent protection.

The Bluetooth® hands-free feature lets you use your mobile phone safely while driving.

New Feature - ESP (Electronic Shock Protection)
A RAM buffer chip situated downstream of the laser and upstream of the D/A converter. The chip stores 12 or 45 seconds (adjustable) of musical data, enough time for the laser to retrack. The result is seamless music, even when your ride hits a real sinkhole.

Model compatibility – Road King Standard / Custom / Police..., Heritage Softail, Softail Deluxe, and Fat Boy, all VTX models, Nomad 1600 / Vulcan 1600 Classic, Vulcan 1500 Classic FL, Shadow Aero / Sabre, Valkyrie, RoadLiner/ StratoLiner, V-star, RoadStar, VL1500LC /C90, Volusia 800 / C50, Victory Kingpin, and more etc **ALL FAIRINGS COME READY TO PAINT**
